Such modification(s) is/are to be submitted by Purchaser's Purchase Order through its Oracle System to Supplier by Purchaser's Subcontract Administrator.

27. WAIVER/MODIFICATION OF TERMS

The failure of either Party to take action as a result of a breach of this Agreement by the other Party shall constitute neither a waiver of the particular breach involved nor a waiver of either Party’s right to enforce any or all provisions of this Agreement through any remedy granted by law or this Agreement. If any term or provision of this Agreement shall be found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court’s opinion to render such term or provision enforceable, and the rights and obligations of the Parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the Parties set forth herein.

GENERAL DYNAMICS LAND SYSTEMS, INC.**NONDISCLOSURE, NONSOLICITATION AND ASSIGNMENT OF INVENTIONS AGREEMENT**

As a contractor of General Dynamics Land Systems, Inc., its subsidiaries, affiliates, successors and assigns (“GDLS”) and in consideration for my assignment with GDLS and its promise to disclose to me proprietary, confidential and/or trade secret information, I agree as follows:

Nondisclosure / Confidentiality. During my assignment with GDLS, it will provide me with access to confidential information and trade secrets of both GDLS and its customers, all of which are essential to GDLS’ business and the continued confidentiality of which is critical to GDLS’ economic well-being. The sole purpose of this Nondisclosure, Nonsolicitation and Assignment of Inventions Agreement (“Agreement”) is to protect, to the maximum extent permitted by law, GDLS’ protectable business interests in such proprietary, confidential and/or trade secret information. Such proprietary, confidential and trade secret information includes, but is not limited to, GDLS’ financial information, business operations and plans, prospects, inside information (including information regarding financial performance, earnings, existing products, existing techniques, new products, new techniques and business strategies), proprietary processes and know-how, research and development programs, personnel information (including, without limitation, skills and compensation), product development information, and information regarding possible acquisitions or sales of businesses or facilities. Such proprietary, confidential and trade secret information does not include any information that has become part of the public domain by means other than my breach of this Agreement. I agree not to use or disclose, at any time during my assignment or at any time thereafter, any such proprietary, confidential or trade secret information to any third party for any reason, except with written consent from GDLS and as authorized and necessary to perform my job.

Permitted Disclosures. I understand that nothing herein should be construed (a) to impede or interfere with my right to respond truthfully and completely to any request for information regarding GDLS’ activities where disclosure is required by legal process; or (b) to prevent me from communicating directly with, responding to any inquiry from, or providing truthful testimony or information to any regulatory or law enforcement agency of the United States, the U.S. Congress, an Inspector General, or a state government agency in the course of a lawful investigation or proceeding. I agree that I am not required to contact GDLS as a precondition to any of the foregoing, provided, however, that I cannot, without the written approval of GDLS’ Vice President & General Counsel, disclose the substance of communications between GDLS personnel and GDLS’ legal counsel which are protected by GDLS’ attorney-client privilege. Further, despite my obligations under this Agreement to protect the proprietary, confidential and/or trade secret information of GDLS, I understand I will not be held civilly or criminally liable under any federal or state trade secret law for disclosing a trade secret of GDLS in confidence to a federal, state or local government official, either directly or indirectly, or to an attorney representing or advising me concerning such disclosure, if the disclosure (a) is made solely for the purpose of reporting or investigating a suspected violation of law; or (b) is made in a complaint or other document filed in a lawsuit or other proceeding. In addition, if I file a lawsuit against GDLS for retaliation for reporting a suspected violation of law, I may disclose the trade secrets of GDLS to the attorney representing me and may use such trade secret information in the court proceeding, but only if any document containing the trade secret is filed under seal and I do not disclose the trade secret except pursuant to a court order.

Former Employer Information. I agree that I will not, during my assignment with GDLS, improperly use or disclose any confidential, proprietary or trade secret information of any current or former employer, or other person or entity, including my current employer who assigned me to work with GDLS. I also agree not to bring onto the premises of GDLS any unpublished document or proprietary information belonging to any such employer, person or entity unless consented to in writing by such employer, person or entity.

Returning Company Documents. I agree that upon the end of my assignment with GDLS, for any reason, I will immediately deliver to GDLS (and will not keep in my possession, recreate or deliver to anyone else) any and all devices, records, data, notes, reports, proposals, lists, correspondence, business cards, specifications, materials, equipment, other documents or property, or reproductions of any aforementioned items provided to or developed by me pursuant to my assignment with GDLS or otherwise belonging to GDLS, its successors or assigns. This obligation includes, but is not limited to, a requirement that I return all materials embodying, constituting or reflecting confidential information.

Injunctive Relief. I acknowledge and agree that any breaches or threatened breaches of this Agreement will cause or threaten to cause GDLS irreparable injury and damages in an amount difficult to ascertain. Accordingly, in addition to any other relief and damages to which GDLS may be entitled, I agree that GDLS shall be entitled to temporary, preliminary and permanent injunctive relief to prevent or discontinue any and all breaches or threatened breaches of this Agreement. I further understand and acknowledge that, to the extent GDLS initiates an action to enforce this Agreement and obtains any temporary, preliminary or permanent injunctive relief against me relating to my obligations under this Agreement, GDLS shall be deemed the “prevailing party” in such action and shall be entitled to recover its costs and attorney’s fees incurred, pursuant to this Agreement.

Assignment of Inventions and Ideas. I agree that I will promptly disclose to GDLS all inventions, designs, processes or protectable works that I hereafter may create during the term of my assignment that pertain to the business of GDLS. I agree that all such inventions, designs or processes shall be the exclusive property of GDLS. I also agree to assist GDLS or its designee in any and all efforts to protect such inventions. I further hereby assign to GDLS all rights, titles, and interest in and to any inventions and ideas, whether or not subject to patent or copyright, that I make, conceive, or develop, alone or with others, during the period of assignment with GDLS, and that relate in any way to the actual or prospective business of GDLS.

Disclosure of Inventions and Ideas. I will disclose to GDLS, promptly and on a regular basis, all inventions and ideas subject to the foregoing. I will, upon request, execute specific assignments and take any reasonable action that GDLS may request to secure patents, copyrights, or other proprietary rights in such inventions or ideas.

Writings. I acknowledge that all writings, whether in hard copy, electronic, or any other form, produced by me in the course of my assignment with GDLS, are works produced for hire and are the property of GDLS, including without limitation, any copyrights on such writings. To the extent any such writings may not, by operation of law or otherwise, be works made for hire, I hereby assign to GDLS the ownership of copyright in such works, whether published or unpublished, and I agree to execute any further documents necessary to perfect GDLS’ title to any such works or copyrights therein at any time.

Severability. Should any provision of this Agreement be held unenforceable for any reason, a court of competent jurisdiction may enforce said provision to the maximum extent allowed by law. A court or similar authority is authorized if necessary to apply the blue pencil doctrine to modify this Agreement to give effect to the parties’ intent to the maximum extent allowed by law. The provisions of this Agreement are severable. If any part of the Agreement is found to be unenforceable, the other provisions shall remain fully valid and enforceable. This Agreement is governed by the laws of the State of Michigan.

Right to Enter Agreement. I represent and covenant to GDLS that I have full power and authority to enter into this Agreement, and that the execution of this Agreement will not breach or constitute a default of any other agreement or contract to which I am a party, or by which I am bound.

Entire Agreement. This Agreement sets forth the entire agreement and understanding between GDLS and me relating to the subject matters addressed in this Agreement and fully supersedes any and all prior agreements, discussions or understandings between the parties pertaining to any subject matter contained in this Agreement. No modification of or amendment to the Agreement, nor any waiver of any rights under this Agreement will be effective unless in writing signed by management of GDLS and me. Any subsequent change or changes in my duties, salary or compensation will not affect the validity or scope of this Agreement.

Remedies. I agree that my violation of this Agreement would cause GDLS irreparable harm which would not be adequately compensated by monetary damages and that an injunction may be granted by any court or courts having jurisdiction, restraining me from violation of the terms of this Agreement, upon my breach or threatened breach of any obligations set forth in this Agreement. The preceding sentence shall not be construed to limit GDLS from any other relief or damages to which it may be entitled as a result of my breach of any provision of this Agreement.

Termination of Assignment. Notwithstanding anything in this Agreement or in any other policy or practice of GDLS, written or oral, I understand that I am not an employee of GDLS, and that GDLS reserves the right to terminate my assignment for any reason and at any time. Similarly, I may terminate my assignment with or without cause at any time.

Waiver. GDLS’ waiver or failure to enforce the terms of this Agreement in one instance shall not constitute a waiver of its right to enforce it on any other occasion.

Successors and Assigns. This Agreement will be binding upon my heirs, executors, administrators and other legal representatives and will be for the benefit of GDLS, its successors, and its assigns.

Attorney's Fees. In the event of a dispute arising under or relating to this Agreement, including, but not limited to, any litigation or formal action to enforce this Agreement, the prevailing party shall be entitled to recover all reasonable and necessary expenses of enforcement, including reasonable attorneys' fees. I have read and fully understand this Agreement and agree to be bound by it. I understand that this Agreement may not be modified orally, but only in writing signed by management of GDLS.
